

TECHNICAL DATA SHEET

POWER COMBI FE

Product	POWER COMBI FE
Document type	TDS
Category	Liquid multi-micronutrient fertiliser
Document code	CEON-POWER_COMBI_FE-TDS-REV04
Revision / Issue	04 / 17 July 2026

1. Product description

A broad-spectrum liquid micronutrient blend with amino acids and organic matter for prevention and correction of multiple trace-element deficiencies.

2. Guaranteed analysis

Guaranteed parameter	Declared content
Water-soluble Boron (B)	0.20% w/v
Water-soluble Copper (Cu)	0.50% w/v
Water-soluble Iron (Fe)	2.00% w/v
Water-soluble Manganese (Mn)	0.50% w/v
Water-soluble Molybdenum (Mo)	0.05% w/v
Water-soluble Zinc (Zn)	3.00% w/v
Free Amino Acids	5.00% w/v
Organic Matter	5.00% w/v

3. Key agronomic benefits

- Broad micronutrient coverage in one application
- Supports chlorophyll, photosynthesis and flowering
- Amino acids improve uptake and stress recovery
- Suitable for preventive and corrective programmes

4. Recommended use

Soil/fertigation reference rate: According to crop and analysis. Foliar reference rate: According to crop and analysis. Apply according to crop requirement, nutrient analysis, local registration and professional agronomic advice. Do not exceed the label rate.

5. Compatibility and mixing

Before tank mixing, conduct a small-scale jar test. Add to a partially filled tank under agitation. Avoid mixing concentrates directly. Check water quality and local compatibility guidance.

6. Physical and handling characteristics

Form	Liquid concentrate
Colour / odour	Product-specific; verify against approved batch specification

Solubility	Designed for dilution in water
Packaging	1 L, 5 L, 10 L, 20 L and other approved commercial packs

7. Storage and shelf-life

Store tightly closed in the original container, in a cool, dry and ventilated area, protected from direct sunlight, frost, heat and incompatible materials. Shelf-life must follow the approved batch and label documentation.

8. Regulatory note

This TDS is based on the CEON catalogue declaration. Final label, classification, permitted claims and application rates must comply with the law of the country of sale.
